At Hello Blinds, we specialize in delivering high-quality Commercial Blinds and Curtains solutions designed to elevate the functionality, comfort, and visual appeal of modern business spaces. Based in Melbourne, we work closely with a wide range of clients, including corporate offices, retail outlets, hospitality venues, healthcare facilities, and educational institutions, providing tailored window furnishing solutions that meet both practical requirements and design expectations. We believe that every commercial space is unique, which is why our approach is centered around understanding your specific needs, environment, and brand identity. From the initial consultation, including the tender process using Estimate One and site assessment, to custom design, manufacturing, and professional installation, our team ensures a seamless and efficient process.

# Enviro Screen

Welcome to Hello Blinds

With an experience of over 25 years, we provide an extensive collection of blinds for sale and allow you to breeze through various catalogs and select your type. All our products can cater to your everyday needs in every possible way. As we have an extensive collection of multi-purpose blinds. All our blinds have been lauded for years now, due to their excellent quality. We offer day-night shutters as well as block out blinds to enable a comfortable and luxurious feel in your rooms. The catalog is quite endless, with the options of sheer curtains, roller blinds, block out curtains, fly screen as well as a wide range of security doors and panel glides. You can choose your products according to your needs and preferences.

## Roller blinds

We provide matching accessories like bottom rails, brackets, chains, and cassette pelmets. These help cover the mechanism and give a clean, professional look.

The chains and cords we use are strong and long-lasting. They are available in stainless steel or matching colors, and they are designed to handle regular daily use without damage.

At Hello Blinds, our motorized Roller Blinds combine modern technology with refined design to deliver effortless control, enhanced comfort, and a premium finish for commercial spaces. Designed for convenience and efficiency, these blinds can be operated at the touch of a button, remote control, or integrated with smart automation systems. Motorized Roller Blinds not only elevate the overall aesthetic but also improve energy efficiency by optimizing natural light and reducing heat gain. With smooth, quiet operation and customizable fabric options, Hello Blinds ensures a seamless blend of functionality, innovation, and style tailored to your space.

## Sheer curtains

You can choose from a wide range of styles like S-fold, eyelet, pencil pleat, and triple pleat. The fabric is smooth, lightweight, and semi-transparent, giving a clean and professional finish. They are also low maintenance, which makes them perfect for busy commercial environments.

All of our curtains are finely processed with high quality finishing to prevent from any damages and give long life to your product. We make sure no convoluted joints so that the end look of your product is clean and premium.

We also offer customization options, so you can select the right size, fabric, and design for your space. They can also help improve insulation and support better temperature control, reducing cooling and heating costs.

Our sheer curtains are a cost-effective and practical solution for commercial spaces, helping you create a bright, comfortable, and professional environment.

# Blockout Curtains

You are free to customize your curtains as per your needs by selecting the fabric style size and accessories and so blending with your interior and branding style will be very easy.

They can also be coordinated with other furnishings to create a complete and consistent interior look across your commercial space.

Blockout Curtains are a practical and stylish solution for businesses looking to improve comfort, privacy, and overall workspace experience.

Blockout Curtains can also improve the overall look of your space. They create a neat and well-finished appearance and can make the room feel more structured and professional.

Blockout Curtains gives you full control over light, making them ideal for meeting rooms, presentation areas, and spaces where less distraction is needed. They also provide strong privacy, helping you create a more focused and professional setting.

## Fly Screen

Fly screens also support better airflow, helping reduce the need for constant air conditioning. This can help improve comfort and reduce energy costs in commercial spaces.

Simple to set up and use they are an easy option for companies big or small to keep the Entry of debris, insects and dust away from your premises. Whether your premises is small office or a large commercial setup, fly screens will help you keep your premises clean and pest free.

We also provide customization options, so you can choose the right size and design to fit your space perfectly.

Fly screens are a smart and cost-effective solution for commercial spaces, helping you maintain a clean, comfortable, and well-ventilated environment.
